

Bassetlaw Health

bassetlaw-health.co.uk

CaSH - Contraception and Sexual Health Service, Bassetlaw PCT

The service also offers all client screening, diagnosis and treatment for other sexual shared infections with referral to Genito Urinary Medicine if needed. Advice and support is offered for smoking, alcohol and drug related problems with referral to specialist support groups if requested.

Our clinics offer walk-in appointments, however during busy times we may have to offer you an appointment at our next available clinic. If you need to see or speak to someone urgently we will arrange for this to happen with one of our Nurse Practitioners.

Appointments can also be booked for all clinics by calling 01909 506418 to arrange a time at your convenience.

For further advice and information regarding any contraception, please also consider: www.fpa.org.uk

For advice on contraceptive choices in **different languages** please visit www.talkchoice.co.uk
